Francesco Turiano, *Reggio Calabria*

Gaetano Zaccara, *Firenze*

Arbitration Committee

Antonio Colombo, *Monza e Brianza*

Bruno Lucci, *Pordenone*

Paolo Zolo, *Arezzo*

In collaboration with

First International SNO Youth Forum

In 2018 the SNO (Society of the Hospital Neurosciences) approved the renewal of a Section dedicated to the young colleagues belonging to the world of Neurosciences. The current socio-cultural background underlines the necessity to focus on the education and training of young physicians, residents and students in order to reply to the progressively growing demand for a turnover and for the continuity of high levels of care. The structure of the SNO provides an exceptional environment throughout all Europe, allowing specialists and young physicians in training in all the branches of the Neurosciences to be unified in a common team. The multi-disciplinary profile has always distinguished the SNO, encouraging the sharing of different competences to enrich the clinical debates. Young physicians, residents and students represent a fundamental source for the SNO and for this reason several educational and formative initiatives will be scheduled. The first step, however, will be focused on the aspect of the Training system. The SNO will organize the first International SNO Youth Forum, coordinated by Dr. Arturo Consoli and Dr. Luca Valvassori, in collaboration with the “Club Neurovasculaire Ile-de-France”, situated in Paris, France. The aim of this Forum will be to share the experience about the Educational and Training Programs for the three main branches of the Neurosciences (Neurologists, Neuroradiologists and Neurosurgeons) in Italy, France and throughout Europe and to try to identify adequate proposals to suggest to the competent Authorities. Part of the Forum will be dedicated to the discussion of clinical cases with the participation of a delegation of young French colleagues belonging to the world of the Neurosciences. This and other projects will put the Youth at the heart of the future.

Program

22nd March

2.00 pm

Registration

Welcome Cocktail

3.00 pm

Forum Presentation

Arturo Consoli (Paris, France), Guillaume Turc (Paris, France)

3.15 pm - 3.45 pm

Lecture

Educational pathways for Neurointerventionalists in Italy

Francesco Causin (Padova, Italy)

3.45 pm - 4.15 pm

Lecture

Educational pathways for Neurointerventionalists in France

Mikael Mazighi (Paris, France)

4.15 pm - 4.25 pm

The European Fellowship Program

Luca Valvassori (Monza, Italy)

4.25 pm - 4.45 pm

Break

4.45 pm - 7.00 pm

Discussion

Critical points and participants' experience about the educational pathway in Italy and France

Moderators: Scientific Board

Social Dinner

23rd March

8.30 am - 12.30 am

Clinical Cases Discussion

Moderator: Salvatore Mangiafico (Florence, Italy)

12.30 am - 13.30 pm

Light Lunch

General informations

The participation to the Forum is limited to 15 places. Participants must be members of the SNO and up-to-date with the subscription fee. The registration is free and it will be validated by the Scientific Board on the basis of the places still available.

PARTICIPATION INCLUDES

- Admission to the scientific sessions
- Congress bag with complete meeting materials
- Lunch
- Certificate of attendance
- Travel and hospitality at the venue for n. 1 night in the DUS room (IN 22 / OUT 23 March)
- Social dinner on March 22nd

REGISTRATION

Connect to the EVENTI page of the website www.morecomunicazione.it and fill in the "Registration form", no later than March 3, 2019.

LANGUAGE

The official language of the conference is English.
